

VENGEANT

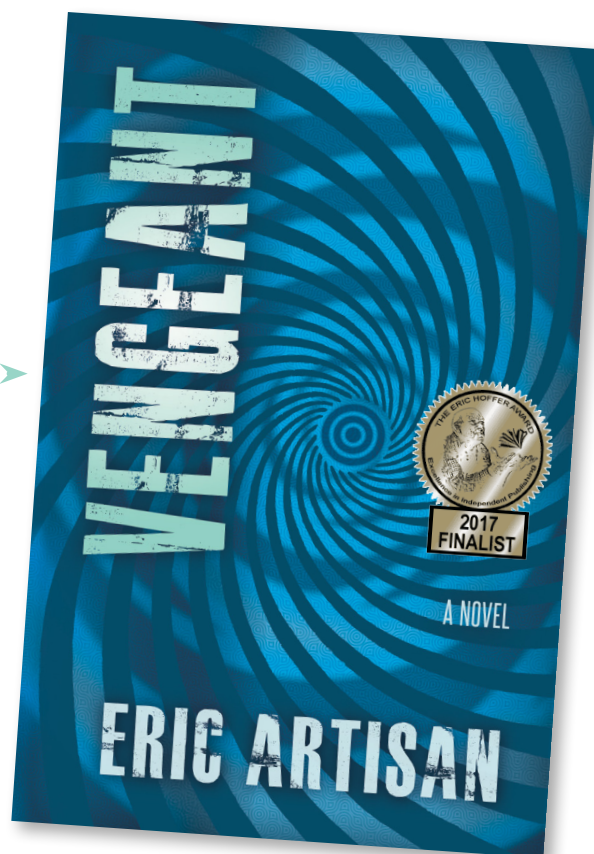

ERIC ARTISAN

Clay wakes ... Every day a different life—a different reality—based on a choice he made, many years ago, resulting in infinite possibilities ... and in the death of the one he loved. So now he seeks revenge, over and over and over again, but with no memory of what really happened, or who the real killer may be. Only the choices he makes now will determine his fate ... and reveal the truth.

Vengeant, Eric's second book, has been named a Finalist in the Second Novel Category of the 2017 Next Generation Indie Book Awards (NGIBA), a 2106 INDIES Finalist, and finalist in the 2017 Eric Hoffer Book Awards. His first, *Escaping the Wheel*, was a 2014 INDIEFAB Book of the Year Awards Finalist, a 2015 Eric Hoffer Book Award Honorable Mention, and also a Next Generation Indie Book Awards Finalist.
